Minister Fred Wills
Minister of Foreign Affairs
Guyana House Annex
95 Carmichael St
Georgetown, Guyana,

Hon. Mr. Wills:

I am very interested in U.S. foreign policy toward Guyana and her Caribbean neighbors. I heard about Mrs. Carter's trip to Puerto Rico; her tone was promising in regards to the widening of trade relations between the U.S. and the Caribbean nations. I hope this will be the case, as all parties will surely benefit.

I have great admiration for nations like Guyana who have successfully established a humane government for its people, and who are able to maintain their sovereignty within the world community. It's also very impressive that your government has been so receptive and helpful to the agricultural project established there by Peoples Temple; whose work here for the poor and disadvantaged is widely acclaimed, too. I hope the strengthening of U.S.-Guyana ties will be beneficial to your economic developement, and I'm urging my President and Senator to advocate any legislation which would be helpful in this regard.

Sincerely,
